OUR SERVICES — DETAILED BREAKDOWN

📌 1. WEBSITE DEVELOPMENT

Your digital storefront — built to convert visitors into customers.

We design and develop fully responsive, SEO-friendly websites tailored to your business goals — from simple landing pages to complex multi-page business websites.

What's Included:

- Custom website design (UI/UX)
- Mobile-first responsive development
- On-page SEO setup (meta tags, schema, sitemap)
- Contact forms, WhatsApp chat integration
- Google Analytics & Search Console setup
- Speed optimisation (Core Web Vitals)
- CMS integration (WordPress / Webflow)
- 1 month free post-launch support

Deliverables:

- Live website
- Admin panel access
- Domain & hosting guidance
- Basic SEO report

⚡ 2. WEBSITE OPTIMISATION

Speed, performance, and conversions — optimised to the core.

Already have a website? We audit and optimise it for speed, user experience, and conversion rate — so your existing traffic actually turns into business.

What's Included:

- Full website audit (technical + UX)
- Page speed optimisation (image compression, lazy load, caching)
- Core Web Vitals improvement
- Conversion Rate Optimisation (CRO)
- Broken links & error fixing
- Mobile responsiveness fixes
- Heatmap integration (Hotjar / Microsoft Clarity)
- A/B testing recommendations

Deliverables:

- Audit report
- Before vs after performance scores
- Recommendations deck

📌 3. SHOPIFY WEBSITE

Launch your D2C store the right way — built for sales from Day 1.

We build and customise Shopify stores for D2C brands and product businesses — from theme setup to full custom development, payment integrations, and launch.

What's Included:

- Shopify store setup & theme customisation
- Product listing (up to 50 products)
- Payment gateway integration (Razorpay, PayU, COD)
- Shipping & logistics plugin setup
- Abandoned cart recovery setup
- Trust badges, reviews, and social proof integration

- WhatsApp and email notification setup
- Basic SEO for product pages

Deliverables:

- Live Shopify store
 - Admin training session
 - Basic analytics setup
-

4. SEO — SEARCH ENGINE OPTIMISATION

Rank higher. Get found. Grow organically — for free, forever.

We help your business rank on Google for the keywords your customers are searching. Our SEO is a long-term growth engine that compounds over time.

What's Included:

- Keyword research & strategy
- On-page SEO (all pages)
- Technical SEO (crawl errors, schema, sitemaps)
- Google Business Profile optimisation (Local SEO)
- Backlink building (Off-page SEO)
- Competitor SEO analysis
- Content SEO (blog strategy & writing)
- Monthly ranking report

Deliverables:

- Keyword ranking report
 - SEO audit
 - Monthly progress dashboard
-

5. SOCIAL MEDIA MARKETING (SMM)

Build a brand your audience follows, trusts, and buys from.

We manage your social media presence end-to-end — strategy, content creation, posting, community management, and growth — across Instagram, Facebook, LinkedIn, and more.

What's Included:

- Social media strategy & content calendar
- Graphic design for posts, reels, stories
- Caption writing & hashtag research
- Scheduled posting (12–30 posts/month based on plan)
- Community management (comments/DM handling)
- Competitor analysis
- Monthly analytics report
- Reel scripting & short-form video strategy

Deliverables:

- Content calendar
 - Monthly report
 - Growth analytics
-

6. CONTENT WRITING

Words that sell. Content that ranks. Stories that stick.

From website copy to blog articles, product descriptions to LinkedIn posts — we write content that speaks to your audience and search engines simultaneously.

What's Included:

- Website copy (Home, About, Services, Contact)

- SEO blog articles
- Product descriptions
- Social media captions
- Email newsletters
- Case studies & whitepapers
- LinkedIn thought leadership posts
- Ad copywriting

Deliverables:

- Proofread content files
 - SEO-optimised drafts
 - Plagiarism-free reports
-

7. PAID MARKETING (PPC / META ADS)

Every rupee you spend — tracked, optimised, and maximised.

We run and manage paid ad campaigns on Google, Meta (Facebook/Instagram), and other platforms with a laser focus on ROI — not just impressions.

What's Included:

- Campaign strategy & audience research
- Ad creative (copy + design)
- Campaign setup (Google Ads / Meta Ads)
- Audience targeting & retargeting
- A/B testing of ads
- Budget management & optimisation
- Landing page recommendations
- Weekly performance reports

Note: Ad spend budget is separate and managed by client. Our fee is the management charge.

Deliverables:

- Campaign dashboard access
 - Weekly reports
 - Monthly ROI summary
-

8. LEAD GENERATION

Stop waiting for leads — we build systems that deliver them daily.

We design and execute lead generation funnels using a combination of paid ads, landing pages, lead magnets, and CRM integrations to fill your sales pipeline consistently.

What's Included:

- Lead funnel strategy & design
- Landing page creation (optimised for conversion)
- Lead magnet creation (eBook, checklist, free audit)
- Meta Lead Ads / Google Lead Form campaigns
- CRM integration (Zoho, HubSpot, Salesforce, Meritto)
- Lead nurturing sequence setup
- WhatsApp follow-up automation
- Monthly lead quality report

Deliverables:

- Live lead funnel
 - CRM dashboard
 - Monthly lead report
-

9. EMAIL MARKETING

The highest ROI channel in digital marketing — done right.

We build, manage, and optimise email marketing campaigns that nurture leads, retain customers, and drive repeat purchases — with automation at the core.

What's Included:

- Email strategy & segmentation
- Email template design (branded)
- Welcome series / drip campaign setup
- Promotional campaign emails
- Abandoned cart emails (e-commerce)
- List cleaning & deliverability optimisation
- A/B testing (subject lines, CTAs)
- Monthly open rate & click report

Deliverables:

- Email sequence files
 - Performance report
 - Subscriber growth tracking
-

10. PERFORMANCE MARKETING

Data-in. Revenue-out. Full-funnel performance, tracked to the last rupee.

Performance marketing is where paid ads, analytics, and conversion strategy meet. We manage campaigns across channels with full-funnel attribution — so you know exactly what is working.

What's Included:

- Full-funnel campaign strategy (Awareness → Conversion)
- Multi-channel campaign management (Google + Meta + YouTube)
- UTM tracking & attribution setup
- Pixel setup (Meta Pixel, Google Tag Manager)
- Conversion tracking (purchases, sign-ups, calls)
- ROAS & CPA optimisation
- Monthly P&L-style performance summary
- Scaling strategy for winning campaigns

Deliverables:

- Live performance dashboard
 - Attribution report
 - Monthly strategy review
-

11. SEM — SEARCH ENGINE MARKETING

Be at the top of Google the moment someone searches for you.

SEM puts your business at the top of search results instantly through paid search ads — while SEO builds long-term organic traffic. Together, they dominate the SERP.

What's Included:

- Google Search Ads setup & management
- Keyword bidding strategy
- Ad copy writing & testing
- Quality Score improvement
- Negative keyword management
- Display & remarketing ads
- Google Shopping Ads (for e-commerce)
- Monthly spend & performance report

Deliverables:

- Google Ads account access

- Keyword report
 - Monthly performance deck
-

📖 12. INFLUENCER MARKETING

The right voice, the right audience — real conversions from real people.

We identify, outreach, negotiate, and manage influencer collaborations — from nano-influencers (affordable, high trust) to macro-influencers — tailored to your brand and budget.

What's Included:

- Influencer research & vetting (fake follower check)
- Campaign brief creation
- Outreach, negotiation & contracting
- Content approval & brand alignment
- Campaign tracking (reach, engagement, conversions)
- Gifting / barter / paid collaboration management
- UGC (User Generated Content) rights management
- Post-campaign performance report

Deliverables:

- Influencer report
 - Campaign results deck
 - UGC content files
-

📖 13. AI & AUTOMATIONS

Work smarter. Automate the repetitive. Scale the strategic.

We help businesses implement AI-powered tools and automations that save time, reduce costs, and improve customer experience — without needing a tech team.

What's Included:

- Business process automation audit
- Zapier / Make (Integromat) workflow setup
- AI content tools integration (ChatGPT, Jasper)
- CRM automation (lead assignment, follow-ups)
- Social media scheduling automation
- Automated reporting dashboards (Google Looker Studio)
- AI-based ad optimisation setup
- Custom workflow design for your business

Deliverables:

- Automation flowchart
 - Live workflow access
 - Training session
-

📖 14. AI CHATBOTS & WHATSAPP AUTOMATION

Your 24/7 sales rep and support agent — powered by AI.

We build and deploy AI-powered chatbots for websites and WhatsApp Business — so your leads are captured, answered, and nurtured even when you are asleep.

What's Included:

- WhatsApp Business API setup
- Chatbot flow design (welcome, FAQ, lead capture)
- AI-powered response training
- Catalogue & product showcase via WhatsApp
- Appointment booking automation

- Broadcast campaigns via WhatsApp
- Website chatbot integration
- Monthly conversation analytics

Deliverables:

- Live chatbot
 - Flow documentation
 - Monthly report
-

📖 15. E-COMMERCE SOLUTIONS

From zero to a revenue-generating online store — end-to-end.

We set up and manage complete e-commerce ecosystems — Shopify, WooCommerce, or custom — with everything from product listing to payment gateway to returns management.

What's Included:

- Platform recommendation & setup (Shopify / WooCommerce)
- Custom store design & development
- Product catalog upload & optimisation
- Payment gateway & logistics integration
- Inventory management setup
- Upsell / cross-sell plugins
- Customer review & loyalty programme setup
- Post-launch marketing strategy

Deliverables:

- Live store
 - Operations handbook
 - Analytics dashboard
-

📖 16. VIDEO EDITING

Scroll-stopping videos that make your brand impossible to ignore.

From reels and YouTube videos to ads and product demos — we edit and produce videos that are optimised for the platform, the audience, and the algorithm.

What's Included:

- Short-form video editing (Reels, Shorts, TikTok)
- Long-form video editing (YouTube)
- Ad video editing (15s, 30s, 60s cuts)
- Motion graphics & lower thirds
- Subtitles & captions (multilingual)
- Brand intro/outro creation
- Colour grading & audio mastering
- Thumbnail design

Deliverables:

- Edited video files (1080p / 4K)
 - Thumbnail files
 - Multiple format exports
-

📖 17. GRAPHIC DESIGNING

Visuals that stop the scroll. Designs that speak before words.

We create high-quality branded visual content — from social media posts and ad creatives to brand identity kits and print materials — that make your brand look premium at every touchpoint.

What's Included:

- Social media post & story designs
- Ad creatives (static + animated)
- Brand identity kit (logo, colours, typography)
